About Me.

A creative, self-motivated individual with a keen eye for detail and an entrepreneurial spirit. Passionate about all things events and production. 4 years hands on experience in the electronic music industry, in roles including event producer, site manager and art director. BSc graduate experimenting with tech and practical design elements to produce immersive set design. Looking to use my versatile skill set to contribute creative ideas to a range of different projects from conception to execution.

Creative Event Producer - Wax Palace

(March 2020 - Present) @wax.palace www.waxpalace.co.uk

Experience.

Creative Producer for successful UK-wide events business from concept through to delivery, curating immersive, design-led events, including an annual 500 capacity festival and regular club nights across the UK. Worked as operations director for the Kaleidoscope festival, ensuring smooth operation from build-up to breakdown, and managed all construction planning and design. Demonstrated proficiency in power distribution, logistical coordination, supplier liaison, and safe structure erection. Creative producer and art director for club night events across the UK, working with large venues and companies, including Boilerroom. Using experimental design to reflect the music and artists performing, combining practical design elements with microelectronics and creative coding.
